

## Cedarkirk Favorites

### Canoeing

Our canoe trip travels down the Alafia River through the pristine Alderman's Ford Nature Preserve and ending at Cedarkirk's property. Once you set out on your trip, you will experience a peaceful river and see much of Florida's wetland landscape.

### Campfire

A Cedarkirk Classic! Enjoy hearing a song or yarn told by Cedarkirk staff or a member of your group, as you sit by a blazing fire. Groups enjoy sitting beside a toasty fire singing songs, sharing memories, laughing, and worshipping. Perhaps there is even room for a s'more or dough boy.

### The Labyrinth

An ancient spiritual tool of the early church, labyrinths were designed to help facilitate our journey as Christians. The labyrinth at Cedarkirk is outdoors and provides for a different experience, even for experienced walkers. Pray, sit, and embark on a walk with God.

### The Prayer Garden

Sit on a bench and enjoy a look at God's creation. Listen to the sounds of water flowing in a fountain of shell. The Prayer Garden offers a meditative and peaceful environment and provides worship space for up to 60 people.

**High Ropes Challenge Course** - 6 to 13 people

Cedarkirk's High Ropes Course consists of 15 challenges suspended 24 feet in the air! This course focuses on the individual as they are "challenged by choice," learn more about themselves, and hopefully grow as people. This course is led by trained Cedarkirk facilitators. Participants must be 12 and older.

**Low Ropes Initiatives Course**

Led by trained Cedarkirk staff, the Initiatives Course provides a great opportunity to learn more about group dynamics. This course consists of several challenges that will hopefully challenge and stretch the brain. Discussion will follow as the group learns how to communicate with each other and how to work well together.

**Climbing Wall** - Minimum weight of 40 lbs.

Led by trained Cedarkirk staff, participants at the climbing wall have the opportunity to safely climb a 25-foot artificial rock face. Four different paths are available allowing for different degrees of challenge. Upon reaching the summit of the wall, the climber simply pushes off the wall to be lowered slowly and safely through the air, per the wall's auto-belay system.

**Zip Lines - River Run and Zip Tower** - Maximum waist size of 42"

Our zip lines provide both adventure and safety. After putting on a harness, staff will assist you in either zipping across the Alafia River and then returning on another line (10 feet height) or zipping a distance of 200 feet from 20-foot tower. On either zip line, you will feel the wind rush through your hair as you enjoy gliding through the air. A joy for all ages!
